

When you type in a new description in Palm-Tech, you are prompted with a box that asks you if you want to add that new comment to your library list. If you prefer to not be asked this question each time, you can easily turn it off.

Turning Off 'Add to List' Prompt

1. When typing in a description that is not in your dropdown list, you have probably seen this box:

2. If you prefer to not have this box show up each time, click on Setup > Program Settings and check the box 'Don't prompt for 'Add to List''.
