

Palm-Tech makes it easy to customize how your company name shows up at the top of your printed report. This How To will walk you through the steps on how you can change it.

Editing the Company Name in your Printed Report

1. With an inspection open, click on Setup > Print Settings.

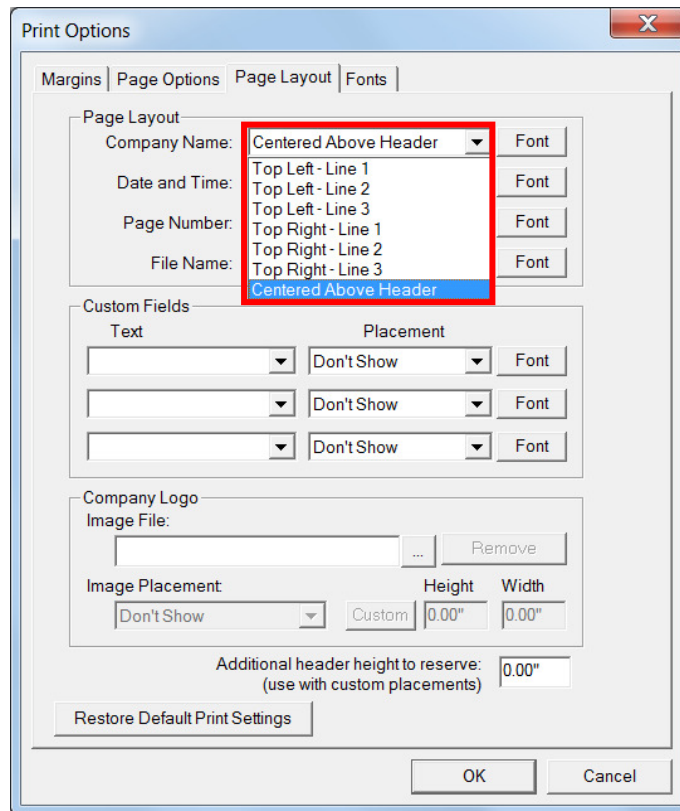

2. Select the Page Layout tab and then look at Company Name.

How to: Edit the Company Name in your Printed Report

3. If you click on the dropdown you will see the different locations you can have your company name show up.

4. By clicking on Font, you can also edit the font, size, and color of your company name.
