

Follow these steps to delete your Palm-Tech software from your PDA.

1. First you are going to want to make sure that your Palm-Tech software is closed on your PDA. You can make sure of this by opening Palm-Tech and clicking File -> Exit.
2. Next, press the start button and select "File Explorer" from the list. (If you don't see file explorer on the list you will need to first go to Programs and select "File Explorer" from that list.)

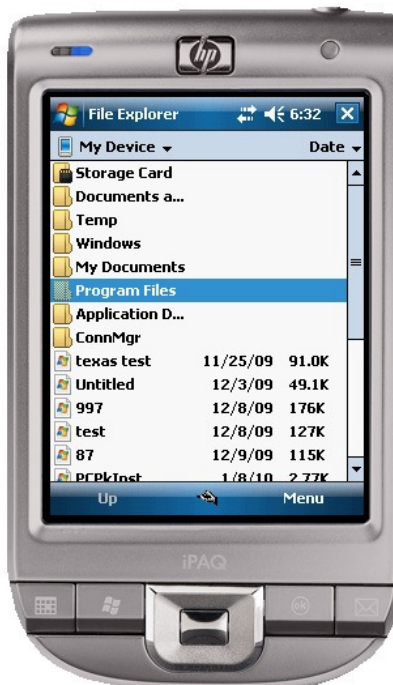

How to: Delete Palm-Tech from a PDA

- Next, we need to navigate to the Palm-Tech6 folder. To navigate through the folders in the handheld tap on the icon just below the 'Start' button, it may say 'My Documents' the first time you try it.

- Navigate to 'My Device' (by following the instructions in step 3) and tap on the 'Program Files' folder to open it.

5. Hold your stylus down on the Palm-Tech folder and select 'Delete'. A window will pop up asking you if you are sure you want to delete the folder and all of its contents, tap 'Yes'.

6. Now there is one more place that you need to go to completely remove the software. Navigate back to 'My Device' in File Explorer and tap 'Windows'
 - a. From here your program will be in one of two spots. You will either need to go to 'Programs' or 'Start Menu' and locate the file named 'Palm-Tech Inspector 6'

How to: Delete Palm-Tech from a PDA

7. Hold down your stylus on the Palm-Tech file and select 'Delete'. Tap 'Yes' when it asks if you are sure you want to delete.

8. Your Palm-Tech software is now deleted from your Pocket PC.
