How To: ROTATE A PICTURE ON THE APP

In Version 8 of Palm-Tech you are able to rotate pictures you take directly in the Palm-Tech App.

1. After you take a picture in the app you can edit the picture on the 'Edit Picture' screen. To rotate a picture, simply tap on the 'Rotate' icon.

2. This will rotate the picture. You can continue tapping on the rotate icon until the picture is in the desired orientation.
